Information Systems
Aptitude Analyser Project

Instructions

- You may use any software that allows you to draw variety of diagrams such as Microsoft Visio.

1. Using any schedule you want to follow this year.
    a. Create a Gantt chart of your schedule
    b. Create a PERT chart of your schedule
2. Take note of the following:
    a. Your chart should have at least 3 instances where activities overlap timewise. In other words, the schedule should not be a linear process

Using Visio

1. In Visio, create a new blank or basic drawing.

2. To access the Gantt chart shapes, navigate to More shapes->Schedule->Gantt chart shapes

3. To access the PERT chart shapes, navigate to More shapes->Schedule->PERT chart shapes

a. Use the summarization structure or the PERT 1 or PERT 2 for your nodes
