- The language you may use for this project is C#.
- You may use any IDE that supports C#.

1) Display the following figure in a console window:

```
    /**\
   //**\\
  ///**\\\
 +=*=*=*=+
 |../\. ./\..|
 |./\/\./\/\.|
 |/\/\/\/\/\|
 +=*=*=*=+
    /**\
   //**\\
  ///**\\\
```

2)Display the following text messages in a console window:

```
My grocery list for this week is:

Banana          Bread          Milk          Butter

R25.00          R19.60         R76.30        R42.00
```
